Attachments: Coded Public Comments_Ag Hydromod & Wetlands.xlsx; Coded Public Comments_Forestry.xlsx

Hi Dirk, Erik, and Leigh,

Here's some background information on the pesticides if you'd like to take a look at this before our Tuesday meeting. A good start would be to look over the December 20, 2013 Proposed Decision Document and the ag section on pesticides. You can look at <http://coastalmanagement.noaa.gov/nonpoint/oregonDocket/OR%20CZARA%20Decision%20Doc%2012-20-13.pdf>.

Next, here's a link to comments on pesticides: <http://coastalmanagement.noaa.gov/nonpoint/oregonDocket/publicComments.html>. Based on people's availability and topic, I'm going to split up the comments for people to review the comments and make sure that the above spreadsheet captures everything in the letters.

But if you're interested in taking a quick look before Tuesday, the comments related to ag-pesticides are #s 28, 59, 81, and 83. (See ag pesticides tab in first attachment).

For forestry-pesticides, the comment #s are 4, 13, 28, 35, 46, 55, 62, 69, 70-72, 75-77, 85 (See forestry-pesticides and forestry-general tabs).

I'll give more information on Tuesday, but just in case you wanted a preview, here's a good place to start.

Thanks,
Jenny Wu
